

How to: Setup E-mail/Text Alerts for a KE2 Evaporator Efficiency Controller

Connect locally or remotely to the KE2 Evap with computer/tablet/smart phone.

1. Find the KE2 Evap's IP Address on a sticker on the backside of the controller.
Example: 10.1.0.179

2. Then, in your Internet browser, enter the IP Address into the address bar.

Press Enter (Return) on your keyboard.

3. Once the Home Page has loaded, click the Settings button  on the bottom Navigation Menu.

4. Click the Login button  in the lower right corner of the page

5. Enter User Name: ke2admin*
Enter Password: ke2admin

User Name

Password

** Important: this is the default setup, for security reasons, the User Name and Password should be changed from the default. To change the User Name and Password, once logged in go to the Settings page.*

6. Click the Submit button  on the bottom of the Navigation Menu, or press Enter (Return) on your keyboard. The Settings Page is now displayed.
