

KE2 Edge Manager & KE2 Wireless Sensors

Ideal for monitoring in commercial refrigeration applications, or other temperature and humidity sensitive applications.

Contractor and End User Benefits:

Prevent Food Loss with Alarm Notifications

High Temp, Low Temp, & other alarms sent text or e-mail

Accurate Temp Records without Manual Tracking

Increase data accuracy, and eliminate the time, expense, and hassle of manual temperature tracking in walk-ins, reach-ins, cases, etc. The **KE2 Edge Manager (KE2-EM35)** & **KE2 Wireless Sensor** combo provides real-time data tracking, storing, & uploading.

Control Your Data

With the **KE2-EM35**, local access is FREE - you own your data. And, accessing your data has never been easier. The KE2 Edge Manager lets you access your data locally, on your network, using your "cloud" portal, or via the secure KE2 Portal.

No Programming

Power it up, and the **KE2-EM35** automatically finds & dashboards up to (35) **KE2 Wireless Sensors** & **KE2 Therm Controllers**. IT support is generally not necessary. Plus, remote monitoring is easy using KE2 SmartAccess or KE2 Connect portals.

Installation Takes Seconds

With a wireless signal & light-weight design, installation of **KE2 Wireless Sensors** takes just seconds. And, the 3-year battery life ensures low maintenance.

Network Benefits

The **KE2-EM35** easily integrates with other common EMS platforms, using an open RESTful API, controller and sensor data logging, Enterprise support, Industrial Protocol Gateway Services (BACnet), and real-time dashboards.

Other Features & Benefits

- Detailed graphs with time stamps
- Wireless tethering & bridging
- Convenient mobile app
- Provides a wireless access point
- Serves as a BACnet Gateway
- Modbus and Ethernet compatible
- Easy remote access via KE2 Smart Access or ke2.io portal using any Ethernet or wireless device (laptop, PC, tablet or mobile)
- High-accuracy readings of temperature (tenths of a degree) and humidity +/- .25%

KE2 Edge Manager & KE2 Wireless Sensors

Kit 21660 Includes:

KE2-EM35 pn 21634

(3) KE2 Wireless Sensors pn 21632

(2) KE2 Wireless Sensors with Remote Probe pn 21633

Part Numbers & Pricing for KE2 Edge Managers & KE2 Wireless Sensors

Description	Part Number
KE2 Edge Manager KE2-EM35 – Includes USB Bluetooth Adapter pn 21690	21634
KE2-EM35 & (5) Sensor Kit Kit includes (3) KE2 Wireless Sensors pn 21632 & (2) KE2 Wireless Sensors w. Remote Probe pn 21633 & a USB Bluetooth Adapter pn 21690	21660
KE2 Wireless Sensor	21632
KE2 Wireless Sensor (10 Pack)	21687
KE2 Wireless Sensor with Remote Probe	21633
KE2 Wireless Sensor with Remote Probe (10 Pack)	21688
KE2 Edge Manager KE2-EM100	21629
KE2 Edge Manager KE2-EM100DL – DL designates data logging capability	21636
KE2 Edge Manager KE2-EM250	21635
KE2 Edge Manager KE2-EM250DL – DL designates data logging capability	21585
USB Bluetooth™ Adapter – Included with KE2-EM35	21690
